

## Worksheet 1 - Times Table Practice

Multiply the numbers by the center number.

## Worksheet 2-Relate Addition to Multiplication

Write a story problem to go with each story. After that write out the addition equation. Then write the multiplication in the box and find the answer. The first one is done for you.

 <p>Six birds were flying home. Each bird had two wings. How many wings were flapping?</p> $2 + 2 + 2 + 2 + 2 + 2 =$	$6 \times 2 = 12$
